The Annual New Mexico HIV Conference is the only HIV update conference in New Mexico. Local, regional and national experts in HIV will cover clinical and socioeconomic topics in this one-day training. The conference is an opportunity for providers to gain access to relevant information and to network with statewide and national experts in HIV care.

Learning Objectives:
1. Recognize unique challenges and successful strategies for HIV prevention and treatment of Native Patients.
2. Select appropriate patients for HIV PrEP and identify successful strategies for initiating care.
3. Identify updates in HIV treatment recommendations and medication options.
4. Screen patients with HIV for comorbid conditions, including anal dysplasia, tuberculosis, hepatitis C, and identify management and referral options.
